194

## Next Week

- Sharp's PC-5000 uses the very latest technology to bring you one of the most powerful portables ever. We look at a machine that has brought desktop computing capacity to the portable world.
- In the first of a series on graphics for all the popular micros, we look at a submarine hunter game for the Commodore 64.
- Video discs and laser discs combined with home computers promise to make large quantities of information more accessible in the home than ever before.

**Your special offer binder order form will be with Issue 5.**

**Overseas readers: this special offer applies to readers in the U.K., Eire and Australia only**
