BYTE BY BYTE We look at the way a simple machine code program is developed

116

PROFILE

DOMESTICATED PET A look at CBM, the company that introduced the first personal computer

119

WORKSHOP

CURRENT AFFAIRS This week we look at Ohm's Law and learn how to connect a monitor to a Spectrum

114

Next Week

• It has been said that inside every Dragon 64 there lurks a Dragon 32. We take the lid off the 64 and see just what makes it tick.

• In the next instalment of Workshop we'll continue our look at electrical components and show you how to calculate the value of resistors.

• For a relatively small outlay, home computer owners can now generate their own viewdata graphics - for pleasure or profit.
